Desert Cove Homeowners Association

Vice President

Jack Schultz

September 2022

1st year of 2 year term

I was Born and raised in Bashaw, Alberta and the oldest of 5 boys! Those years growing up are filled with many fond memories and enjoyable life experiences.

My wife Margie and I and our 14 year old English Springer (Sparkles) settled into Desert Cove 2 ½ years ago and are enjoying life in Desert Cove, meeting new friends and neighbours.

At the tender age of 17 years, I joined the Canadian Armed Forces; Dental Services, and served for 20 years. My last posting was Ottawa, Ontario, where I was responsible for purchasing of dental equipment for the Canadian Armed Forces. In addition, I was responsible for dental equipment and servicing within the Canadian Embassies (i.e.; Moscow and the UK). After I left the service, I joined a world supplier of dental consumables and equipment and ultimately became manager for western Canada (Alberta and BC). During these times I had real estate rentals along with a hobby farm in Salmon Arm, following this with a purchase of a condominium in Red Deer, Alberta. It was there I met and married Margie, suggesting to her that the winters are too cold and the summers with too many mosquitos; therefore moving to the Okanagan an eventually settling in to Desert Cove.

My retirement activities and wishes are; distance biking, walking, cribbage, fly fishing, pickle ball, golfing and most of all, travel with Margie.

As a newbie minted Vice President, I will endeavor to help the President and the Directors support Desert Cove into being a happy and fulfilling place to live.
