I was born in Dawson Creek, lived briefly in Edmonton before my parents moved to Vancouver. While in Vancouver I met a paramedic who, it turns out lived a couple of blocks away from my home in Edmonton. We married shortly after and have two sons.

In 1982 we moved to Vernon. At the time we had a choice of transferring to Kelowna or Vernon. We opted for Vernon and have no regrets making that choice.

Due to my husband's health we had to downsize and felt Desert Cove was a perfect place for us to move to and make it our new home. We have been here for 6 months now and feel very comfortable here.

I worked in supervisory roles in the health care field for approximately 15 years until I retired. Following my retirement, I became a very active volunteer with the Canadian Red Cross in Disaster Management.

I enjoy cooking, baking and sharing my creations with family and friends. I also do a lot of researching my family ancestry.

I feel that due to my professional background, I am able to contribute to the DCHA board and look forward to serving the Desert Cove community.
