

Desert Cove Homeowners Association

Director at Large Report

General Meeting May 3rd, 2022

Director at large positions are not specific to roles by others on the Executive Committee. They are determined by the President as needs arise. Responsibilities usually include assisting other Directors in the completion of their tasks or ad hoc assignments that pop up throughout the year.

- My first job was to organise a CPR course for first aid responders in the Cove. Six people have completed an intense 8 hour in class course offered by St. John's Ambulance back in Feb/2022. After successful completion, the participants obtained first aid certificates that will be valid until Feb/2025.

The emergency responders include:

- Diana Fortier
 - Clay Fortier
 - Richard Reeves
 - Jim Horsford
 - June MacGregor
 - Denise Harper
 - Monica McDonald
- I have agreed to assist Shaunie Wood in her role of "Welcome Director" by compiling the welcome packages required for her home visits.
 - June MacGregor and I completed an inventory checklist of the various rooms in the recreation centre, with the exception of the kitchen. This was completed for insurance purposes.

This has been my first year in this position and I have found it interesting, as well as challenging. However, my fellow Board members are professional, positive and collaborative. They are a pleasure to work with.

Thank you!

Monica McDonald
DCHA Director at Large
