

Desert Cove Homeowners Association

Recreation Center Director's Report

General Meeting April 25th, 2023

The Recreation Centre Director is responsible for ensuring the assets of the DCHA are maintained and replaced as required.

- This previously included the monitoring and maintaining the first aid station and AED equipment in the hall. This responsibility has now been passed to Monica, our Director at Large.
 - A maintenance schedule has been created to ensure all equipment and supplies are current.
- My role now includes overseeing the Kitchen team.
- I maintain and ensure the hall sound system is functioning for all DCHA events.
- I am available for most events to ensure the set-up and take down of chairs, table etc...
- Some of the purchases we made since our last meeting are:
 - First aid supplies and AED batteries
 - 5 pool cues to replace old ones which were warped
 - 10 new noodles for the swimming pool
 - Blow-dryers for swimming pool change rooms
- On a regular basis, we clean the storage rooms and have disposed of:
 - The old sound system was donated to Wentworth Music to refurbish and donate to a worthy cause
 - Television
 - Damaged furniture
 - Worn theme decorations
- Our refundable container programme consistently increases. In January we donated **\$6278.00** to the Vernon Hospital Foundation, an increase of \$1000 from the previous year. We are on track to well exceed our donation this year, thanks to all of you for donating to our program.
 - To better maintain a clean area around the kitchen entry, we purchased a larger Tupperware storage bin.
 - In addition to myself, we are happy to say that two more Covians have come forward to share the recycling load. Thank you to Bill Versluis and Mike Hovde!
- The fire extinguishers, pool, hot tub and changes rooms are maintained by Desert Cove Management.
- Michael Doherty from OKIB Fire and Rescue will again be providing a fire extinguisher training session in June.

Respectfully submitted,

Jim Horsford
DCHA Recreation Centre Director
