Vernon BC V1H 1Z1

Dear Marilyn and Desert Cove Homeowners Association Members,

Because of you, we are one step closer to doubling CT scanning capacity at our hospital. That means that you've enabled increased access to timely diagnosis and treatment for a neighbour, a friend, or a loved one within our community.

No one chooses to get sick and any wait for a CT scan can feel like an eternity. Those anxiously waiting for scans will have seen their wait time cut in half, because of your generosity.

On behalf of the entire team at Vernon Jubilee Hospital and the VJH Foundation, we extend our most heartfelt thank you for your support of healthcare excellence this holiday season.

Our VJH medical teams will have state-of-the-art equipment to perform more life-saving scans, innovative procedures and less invasive treatments.

When just one scan can save a life, your gift makes all the difference to better patient outcomes.

Thank you for bringing better healthcare, sooner, to our community.

Sincerely,

Kate McBrearty
Executive Director
VJH Foundation

Dr. Adam Weathermon
Medical Director of Imaging
Vernon Jubilee Hospital

*We continue
to be amazed by
your work & generosity!
Best wishes for 2023!
