

Desert Cove Homeowners Association

President

Marilyn Richardson

September 2024

2nd year of 2 year term

I lived in Edmonton and area my entire life until moving to Desert Cove in May of 2019 after my husband Brian and I retired.

We were looking for a warmer climate and a location more central to our aging parent and scattered families.

We found the beautiful community of Desert Covians and haven't looked back!

We have two adorable dogs: Reggie and Archie, you may have seen them around the neighbourhood!

I was fortunate to experience a satisfying and successful career in the field of Organizational Effectiveness (i.e.; human resources, training and development, technology, organizational design, customer satisfaction etc...). I worked with TELUS for 20 some years, then Consulted for about 15 where I had the opportunity to work in many different organizations and travel extensively. After consulting, I took on a couple of corporate roles closer to home at a land development company and then a financial institution.

I have been involved in a number of associations in different capacities (i.e.: Board Chair, Afterschool Care, Leader, Telemarketing Campaign, S.P.C.A.) and believe I can bring some fresh ideas and insights to the DCHA.

I'm said to be organized and creative. I enjoy golfing, swimming, walking, family, good friends and nice weather.

I am honored to serve you as President of the DCHA and am excited to work with a great team of people. We are dedicated to finding ways to enhance the lifestyle of the Desert Cove community, and maintaining our reputation of being the greatest and friendliest community.
